

# 4th Annual Drew Poet Foundation Charity Golf Outing |

March 4, 2024 | 1 PM Shotgun Start  
Los Verdes Golf Course  
Rancho Palos Verdes, California

## Awareness. Research. Cure.

It's been almost five years since Drew passed from Ewing's sarcoma, an aggressive and extremely difficult to diagnose cancer. We miss him every day. One of his final wishes was for us to do what we can to further research into this rare disease. We continue to move forward, with Drew on our minds as we work to do whatever we can to realize our ultimate goal of finding a cure for Ewing's sarcoma.

With that, we invite you to join us for the 4th annual Drew Poet Foundation California Golf Outing on March 4, 2024 at Los Verdes Golf Course in Rancho Palos Verdes, California. We are scheduled for a 1:00 pm shotgun start. Range balls, snacks and water will be available before we start. We'll conclude the day with a buffet dinner where we'll give out awards. A silent auction will be held to further raise donations, so have your credit cards ready. Team awards for low gross and low net will be awarded, but be prepared, the "Modified Bagaway" system will be utilized to even the playing field. Registration is available at <https://drew-poet-foundation-4th-annual-golf-tournament.perfectgolfevent.com>. Full event details can be found there and on the following page of this flyer.

The event promises to bring a great day of golf, amenities, and fun with all proceeds going to the Foundation and the study of Ewing's. Thank you again and we look forward to sharing in this exciting day with you!

Registration available at:

## About

The Drew Poet Foundation seeks a cure for Ewing's sarcoma. Our mission is raising awareness and supporting research in the hope of finding a cure.

Ewing's sarcoma is a cancerous tumor that grows in the bones or in the soft tissue around the bones, causing pain at the tumor site. It is the 2nd most common type of bone cancer found in children, with about 200 children diagnosed with Ewing's each year in the U.S.

Our Foundation works to honor its namesake, doing all that we can to support further research into this disease with the ultimate goal of finding a cure. We continue to work towards a future that is cancer free for all.
